KEMA Board and KEMA Members:

As a part of the 2019 KEMA Conference, Shawnee County Emergency Management was going to assist in providing food opportunities on September 10, 2019 to Pre-Con attendees during lunch due to the past issues of the crowds that were encountered and the logistical issues that have taken place at the onsite diner.

Since we were not able to get Food Trucks to set up for the Pre-Con lunch, we have come up with a different option.

Shawnee County Emergency Management, in coordination with the City of Topeka and Shawnee County Health Department, will be providing an All You Can Eat Taco Bar in the Shawnee County EOC.

We will be serving from 11-1300 hrs and it will be \$5 a head for all you can eat tacos and a beverage (non-alcoholic).

The Shawnee County EOC is located ½ block from the Ramada. Shawnee County will provide transportation for those who do not want to walk and will assist in getting you directly to the EOC.

Those who are interested can also receive a tour of the EOC from the staff.

So we can get an accurate count, please email nelson.casteel@snco.us if you would like to partake of the Taco Bar.
